Mr. N. C. Burleigh M.D.C.M.  
Bath, Ontario  
Canada

Dear Sir,

After receiving your letter two days past, I feel there has been a misunderstanding as to our desires regarding this account. We do not want a genealogical search of the Leeds Co. area for our Smith - Smyth <sup>Beard</sup> family. We do however request help as to your knowledge of the available records for the area. All records of civil import are deposited with the County Clerk here in U.S., as Canadian records seem to be quite scattered around, I simply want to know what they have in the Public Library in Brockville, or town records.

Were the people in 1829 required to register deaths with the town or County?

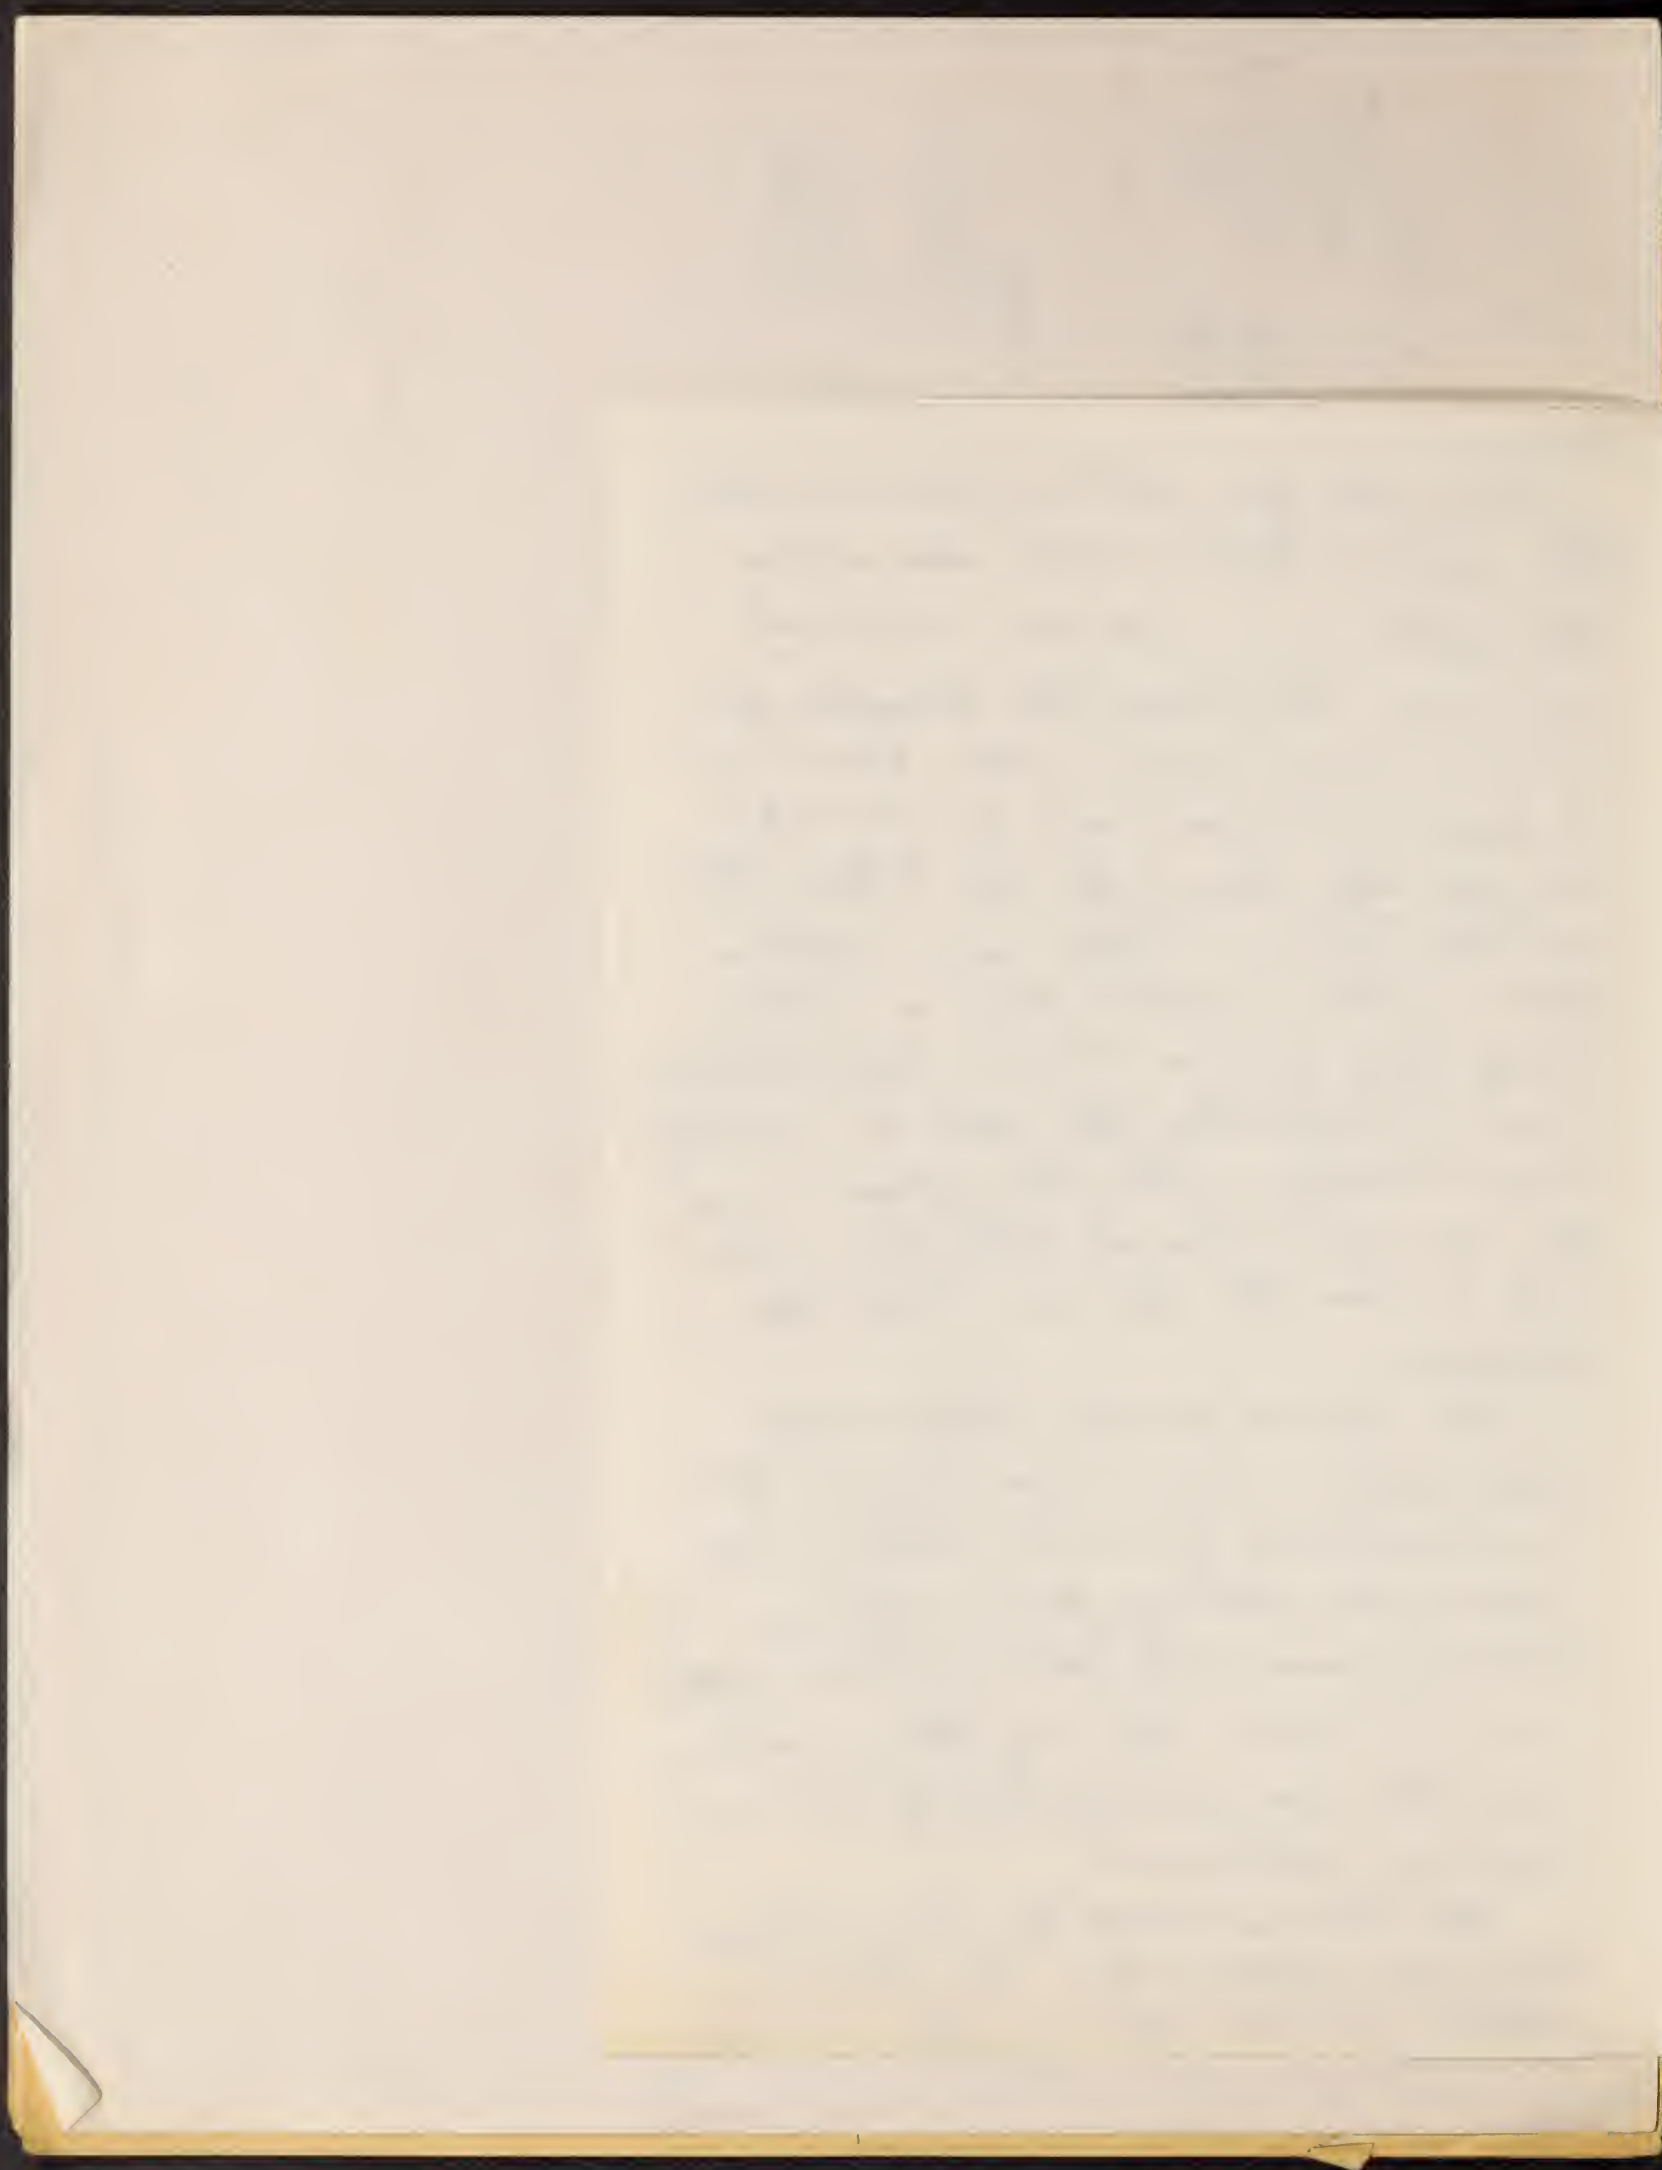

I will tell you what we know of this Peter Smith (I full realize how many Peter Smith's are in the area mentioned)

He married Mary Read the daughter of a U. E. L., William Read. (This Read line is documented back past his coming to Canada) The Parrish family history tells us they "took in" Peters' son William Read Smith & raised him, as Peter & Mary both died in 1829 in Elizabethtown. (now Brackville) They left orphaned 9 children. I have already written the Orphan's Court for any court action at that time, incl. We do have the data on all the other children.

The Smith family history says Peter's father's name was Terrence, but no supporting document. This is my reason for looking for an obituary, his parents names. The place of Peter's birth is not known. You say the newspapers cover the time period starting 1815-20, but no obituaries?

We have searched the Elizabethtown marriage records of Rev. Smart which started 1803-04. But no Peter & Mary.

I do hope you better understand my problem, please write me of any records you know which might contain such data, before doing any searching so I may check my files first. There is no need for duplication.

Would the Sexton's records have Parents names? Was there a Mortitian in Brackville at the time? No Will or Probate action has been found, even though we have searched the abstracts to Probates for Leeds Co. Also deeds.

Let us please keep the line of communication going between us in hopes of solving this problem pedigree.

I hope to hear from you soon.

Sincerely

Mrs. Jay Schorler

P.S.

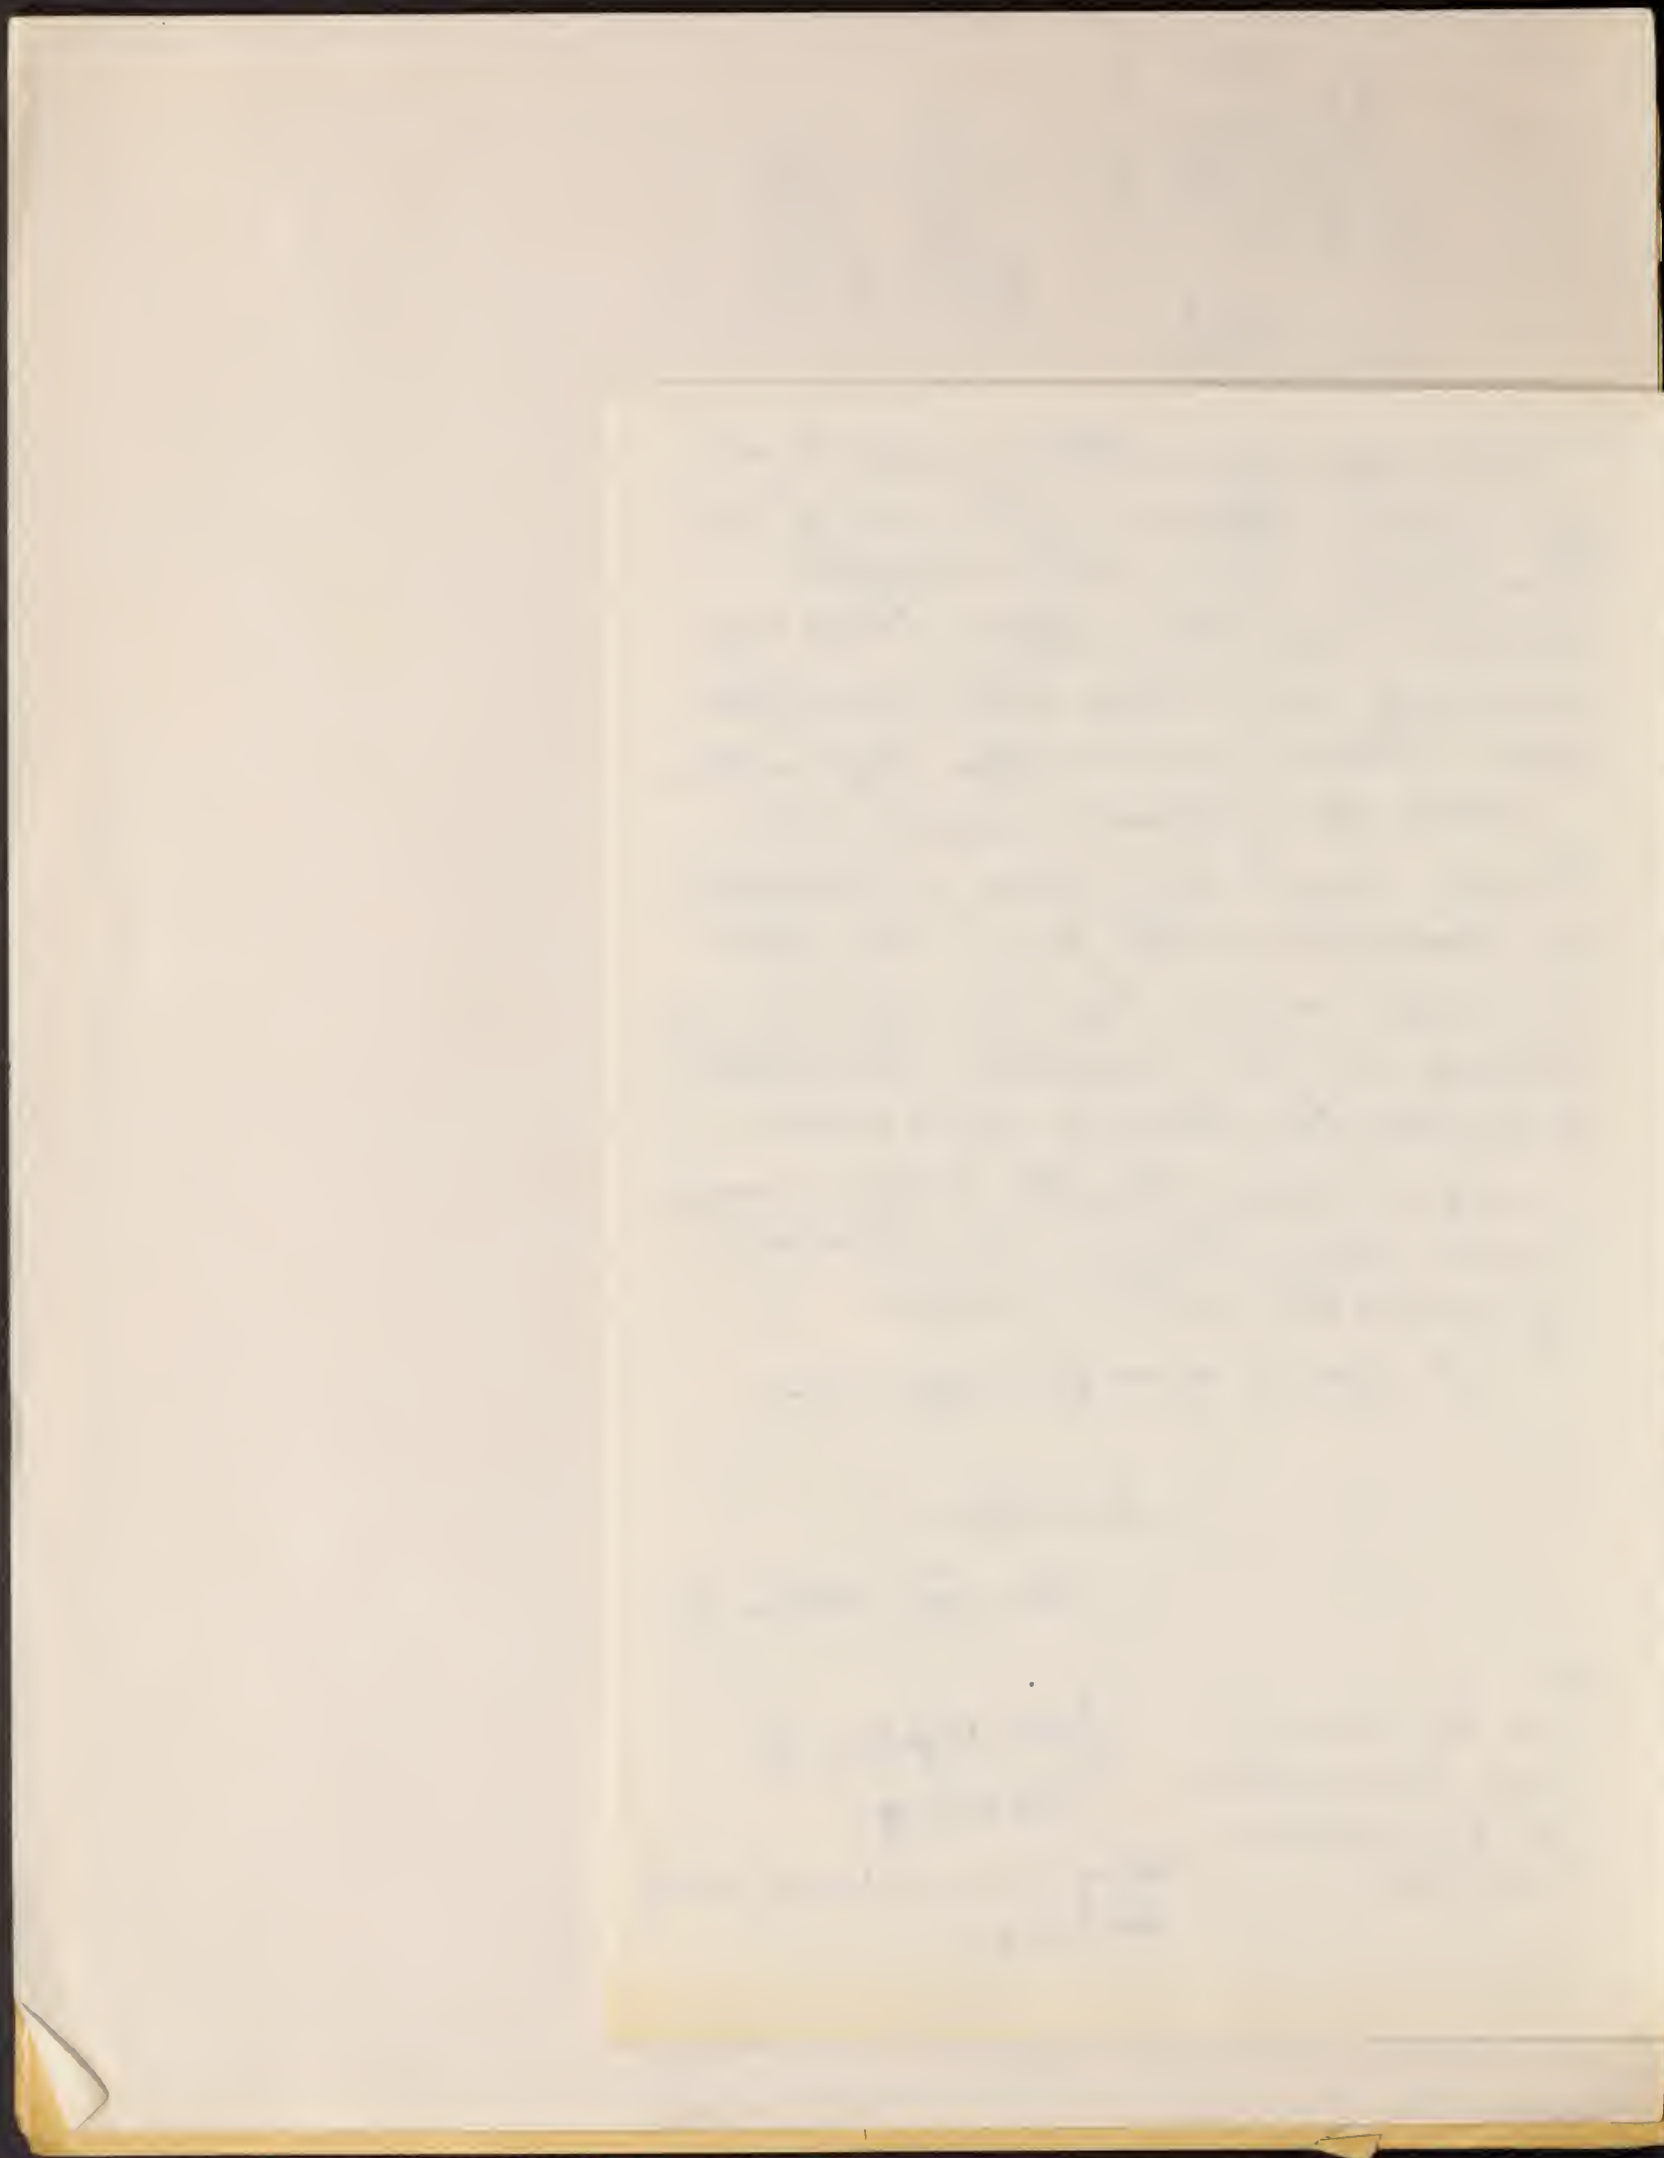

Are the Church of Eng. Parish registers for Elizabethtown available?

noting James & Thomas, sons of Dr. George.

Some years ago a Smith of this line did an extensive search and put together a pedigree for his family going to Ireland in the early 1700's. But when they tried to continue the pedigree in Ireland they were not in the County for the time period supposed. So they have fallen back to this Peter. All of the dates from Peter's death, <sup>(not including)</sup> back are approximations. In order to correct this pedigree we must have Primary sources.

The reason for not hiring a researcher there at this time, is the patron does not have the money to pay for all the research that has been done to be copied & for the time for you to acquaint yourself with it. Just to copy the names of the records & books would fill a book. Please do not buy Mr. Leavitt's History of ~~Brock-~~ <sup>Leeds & Greenville</sup> County. We have that book here in the Gen. Library in Salt Lake, it does not have the information we need now.

253. Evidence on the Claim of Patrick Smyth, late of Charlotte County, N. York Province.

Claimt. Sworn.

Says that he left N. York the 9th Sep. 1783 and arrived at Quebec the 10th Octr. following. He soon after went to Sorel and did not hear of the Act of Parl. in favour of the Loyalists until the end of the year when he sent his claim to England, Major Lake.

Says he is a native of Ireland. He came to America in 1757, an officer on Board, a Lettre of Marque, and settled in Albany County in 1760. In 1775 he lived in Charlotte County. He at no time took part with the Rebels. At certain times he durst not speak his sentiments, but never took any part with them. In 1777 when Gen. Burgoyne was advancing, Claimt. was taken prisoner by Gen. Arnold and confined to the Town of Albany.

He remained there until 1780, when he was in danger of his Life, from being found out to have forwarded despatches from Canada to N. York. At that time he carried despatches from Gen. Haldimand to Sir Henry Clinton. These he carried in the handle of a large knife, which he produced. Besides this he had been often intrusted with secret service.

After this he continued in N. York and had allowance of a Dollar per Diem, and after, £170 Cury. pr. an., and a House. This allowance ceased in 1783.

Produces letter from Br. Gen. Oliver De Lancey to his Son speaking highly of his conduct as a Loyalist and character as a man.

Likewise Certificate from Abraham Cuyler, Mayor of Albany, to Claimt.'s having been Assist. Judge in Albany Court and Clerk of Peace. To his being a man of good character, and of tried Loyalty in consequence of which he had been driven from a good situation and a good estate.

Certificate from Major Jessup to Claimt.'s having given all possible assistance to Loyalists early in the War, and to his having saved the Party which came to Canada with the Major from falling into the hands of the Rebels, by intelligence of an intended ambushade.

Believes he has left Deeds at Sorel but will send them.

Property:

56 Acres of Land at Fort Edward, One part, 2 Lotts of Land containing 26 acres, he purchased from Gen. Schuyler in 1772, in considn of £50 Cury. It was then unsettled and a Deed of Gift from Wm. Dewar of N. York, dated nearly the same time--of the same quantity and an Island of 8 acres.

He built a House on it--in 1782-3, which cost him £1,200 Cury.

He improved all the Lands.

He thinks that the House and the Buildings with the Land. viz., 56 acres, was worth he thinks, £1,000 Cury.--at least he would give that sum for it under British Govert. This House was covered with a Fort called Fort Stark and destroyed the House.

The Land is in Possession of the Sheriff. He cannot say that this was sold under confiscation. There was no mortgage on it.

15 Acres, a Town Lot in Kingsborough. He cleared 3 or 4 Acres. He claims £1.10 Cury., pr. acre, £22.10.

He does not know what has become of this.

He swears to his having been possessed of the several articles of Personal Property, and that they were taken by the rebels in 1777. Says that there are no proceedings at Law against him that he ever heard of.

Office of the Clerk of the Peace of the County of Charlotte.

Produces his Commission from Gen. Tryon, dated 7th July, 1774.

The perquisites of this office was worth £250 N. York Cury. pr. an. He was in Possession when the War broke out.

Produces an affidavit from John McCrea the prest. Clerk of the Peace that he has assisted Claimt. in the execution of this office, and that the income was worth £250 Cur. pr. an.

He was likewise Coroner but makes no charge for that.

Office of Post Master at Fort Edward, appointed by Messrs. Fox Croft and Finlay in 1774. His salary was one dollar per diem, for which he kept two Horses and a Servt.

Further Evidence on the Claim of P. Smyth.

Evidence: Philip E. Lansingh, Sworn:

Knew Claimt. at Fort Ed. before the troubles. He was Clerk of the County. When Witness was Sheriff he always conducted himself as a Loyal subject. Knows he did not join the British until 1780. He was ordered to Albany with his family to avoid the Savages.

In 1776 he gave Witness a proof of his Loyalty, and he never had any reason to believe that he acted otherwise.

Property:

Claimt. had built a very good House at Ft. Edward in 1772-3. He thinks that the House Offices would cost above £1,000 Cury.

The House has been destroyed. The rebels made a Post of it. The whole Building is much injured. He was likewise in possession of some Lands.

His House was well furnished and he had abundance about him. He kept a Tavern.

He cannot say what he brought off. Some brought off their stock and furniture.

Mr. Smyth was Clerk & Coroner for the County of Charlotte--thinks

his fees of office must have amounted to £250 Cury. per An.

He acted as Post Master & was of advantage to him.

He now resides at Sorel.

One Capt. Sherard is in possession of Mr. Smyth's House & Property  
he cannot say under what title.

Further Evidence on the Claim of Pat Smyth.

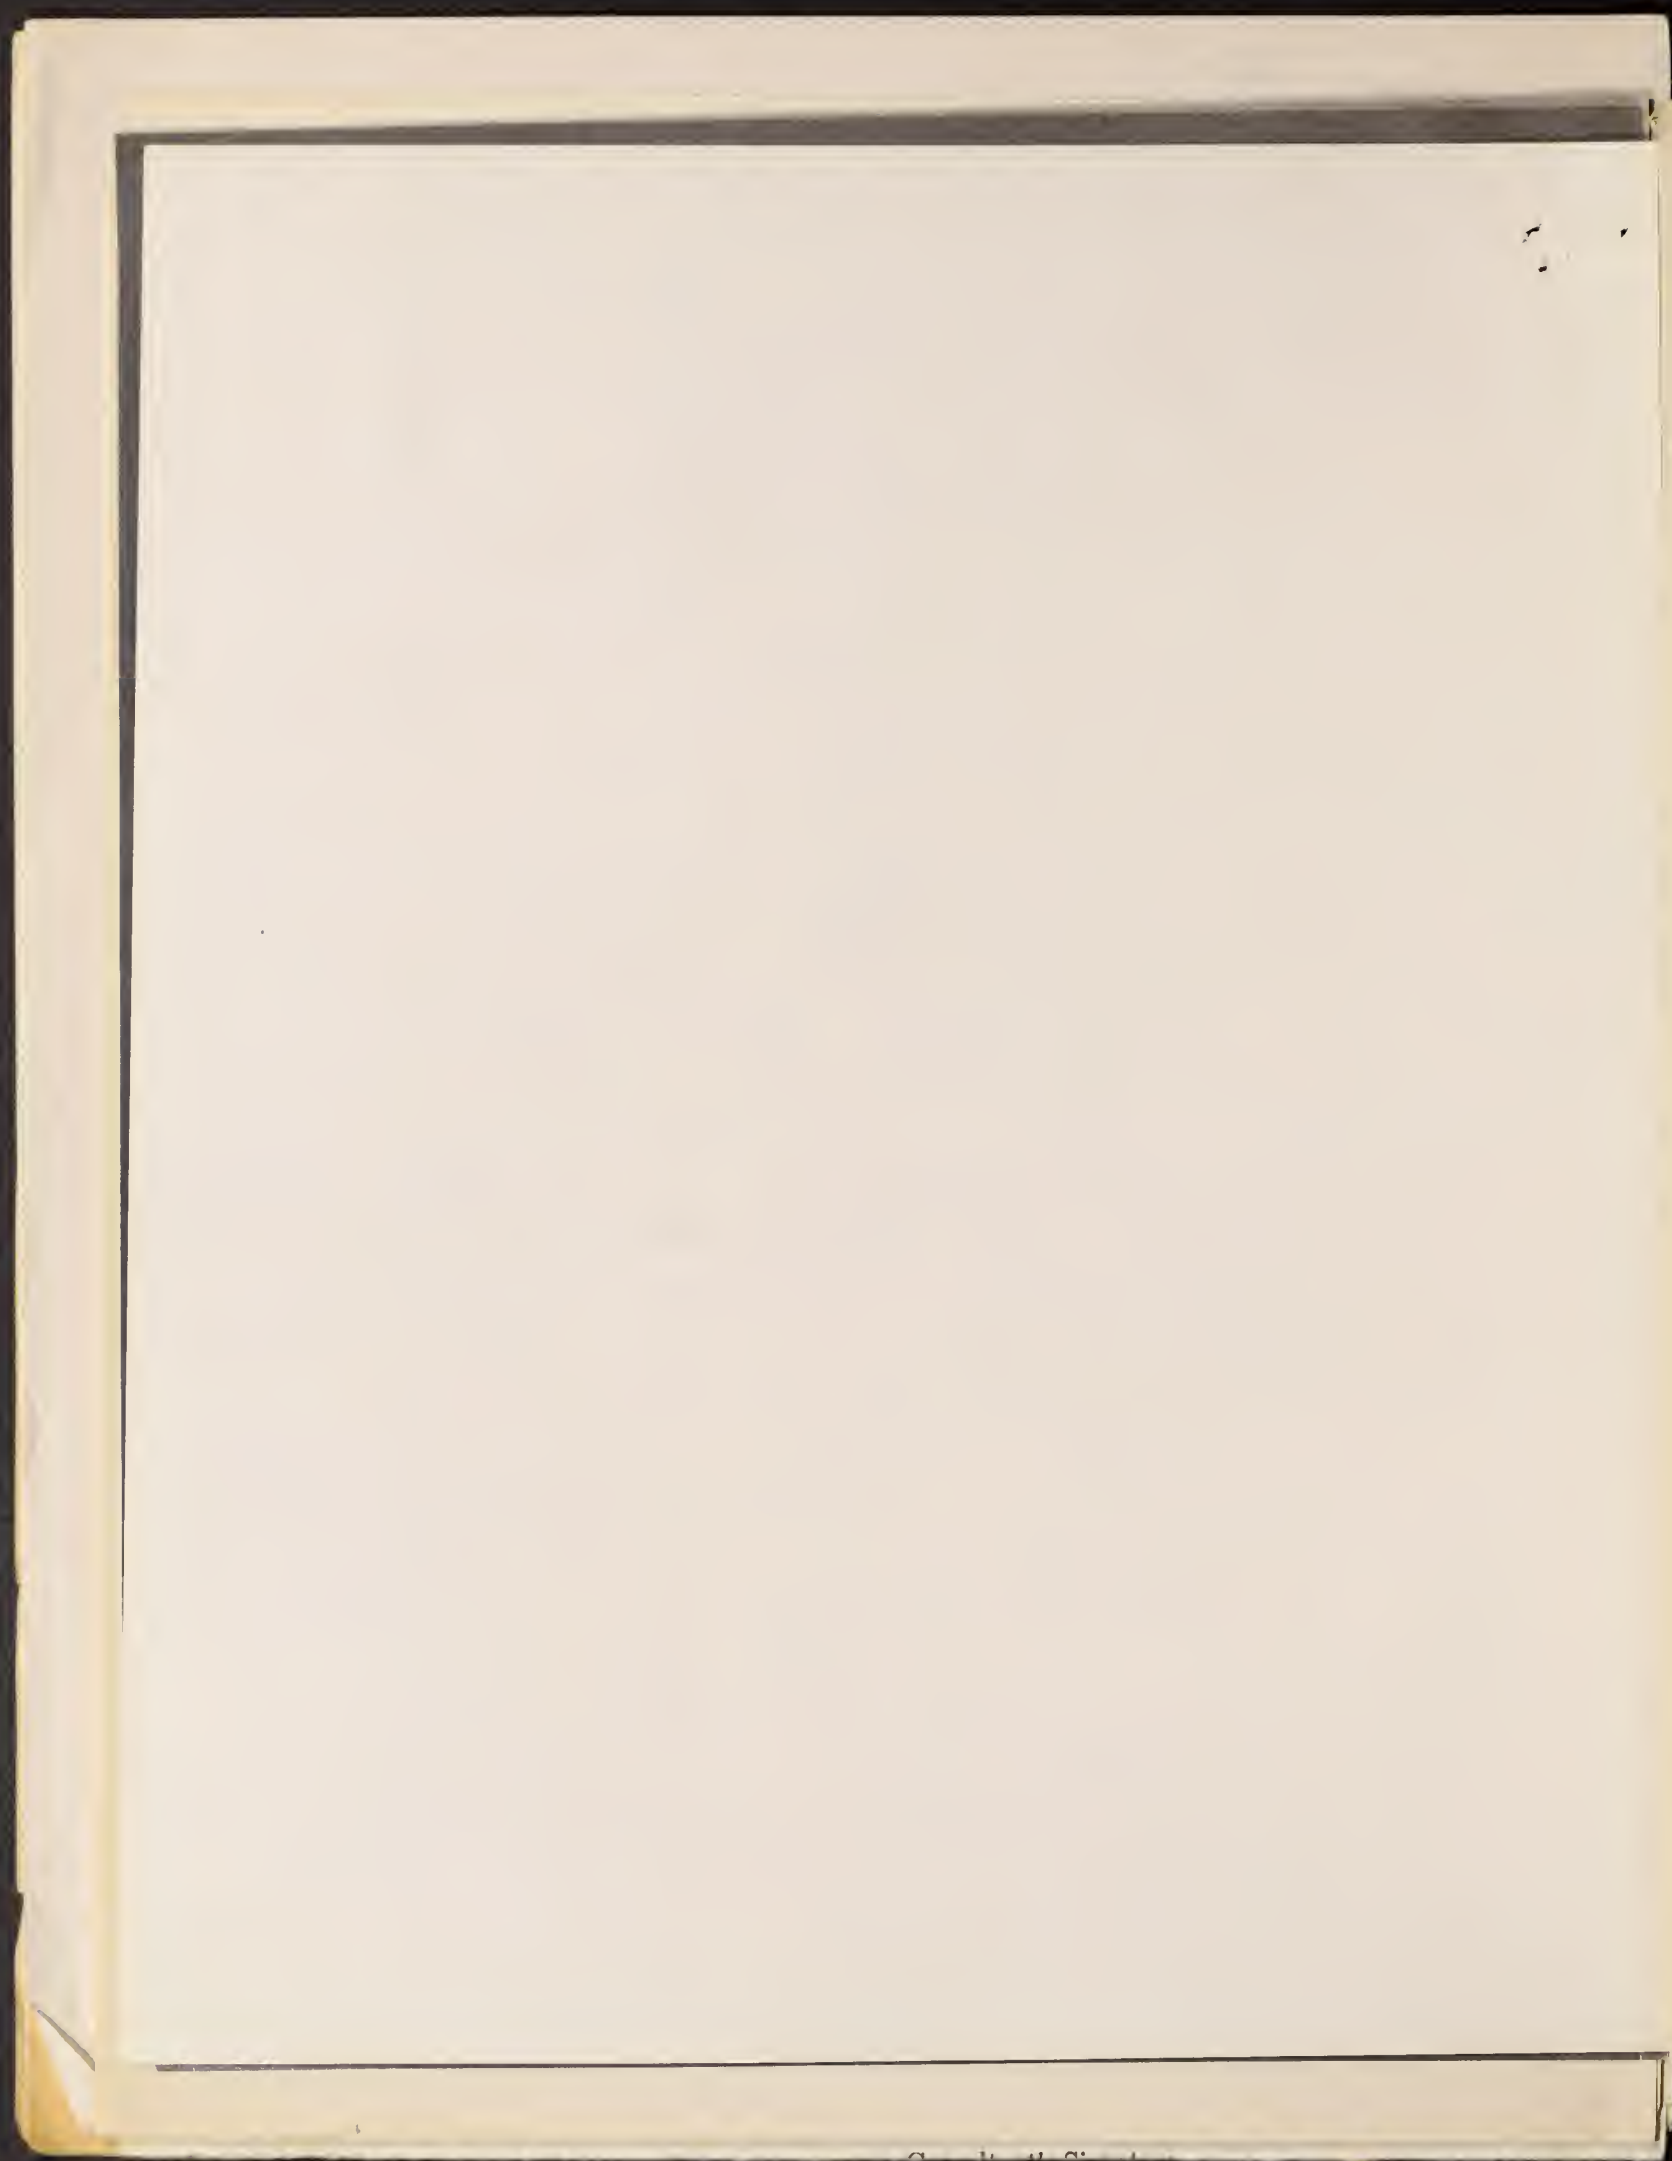

His Brother was always Loyal.

Knew his Brothers Lands & house at Fort Edward; believes that  
he possessed about 56 acres & thinks that it would have sold--declines  
putting any value. Believes he would have sold his House for £1000  
N.Y. Cury.

He lost his Stores & Stock, they were taken by Genr. Arnolds  
Troops when they fled from the British Indians.

He was Clerk of the County & Comm. believes his income was worth  
£200 per an. He was likewise Post Master. His Br. gave Wits. every  
possible assistance in carrying on its intelligence & at one time  
went from Albany & N. York with a Dispatch concealed in a knife.

May 3

Dear Dr Purleigh -

In looking over my papers, preparatory to retiring from County service - I found a letter from Mr Freeman, which I cannot recall answering - & incidentally the thought flashed across my mind that I had promised to send you copies of the Length data furnished me by your Genl which promise I have never kept. Accordingly now that we have a photostat machine I have had copies made for you, which are herewith enclosed. Not knowing your correct address I am sending this in Mr Freeman's care & asking him to forward them to you.

As mentioned above I am retiring from the County service after 30 yrs - also as to this the latter because the Retirement System will not

permit anyone to receive a pension + salary  
from the same source at the same time <sup>Accordingly</sup>  
my resignation as Co Hist is compulsory -  
Nevertheless I am still interested in Patti's  
Genealogy & history & hope when I am at  
home to devote considerable time to Patti  
as I think I have much material worth  
publication.

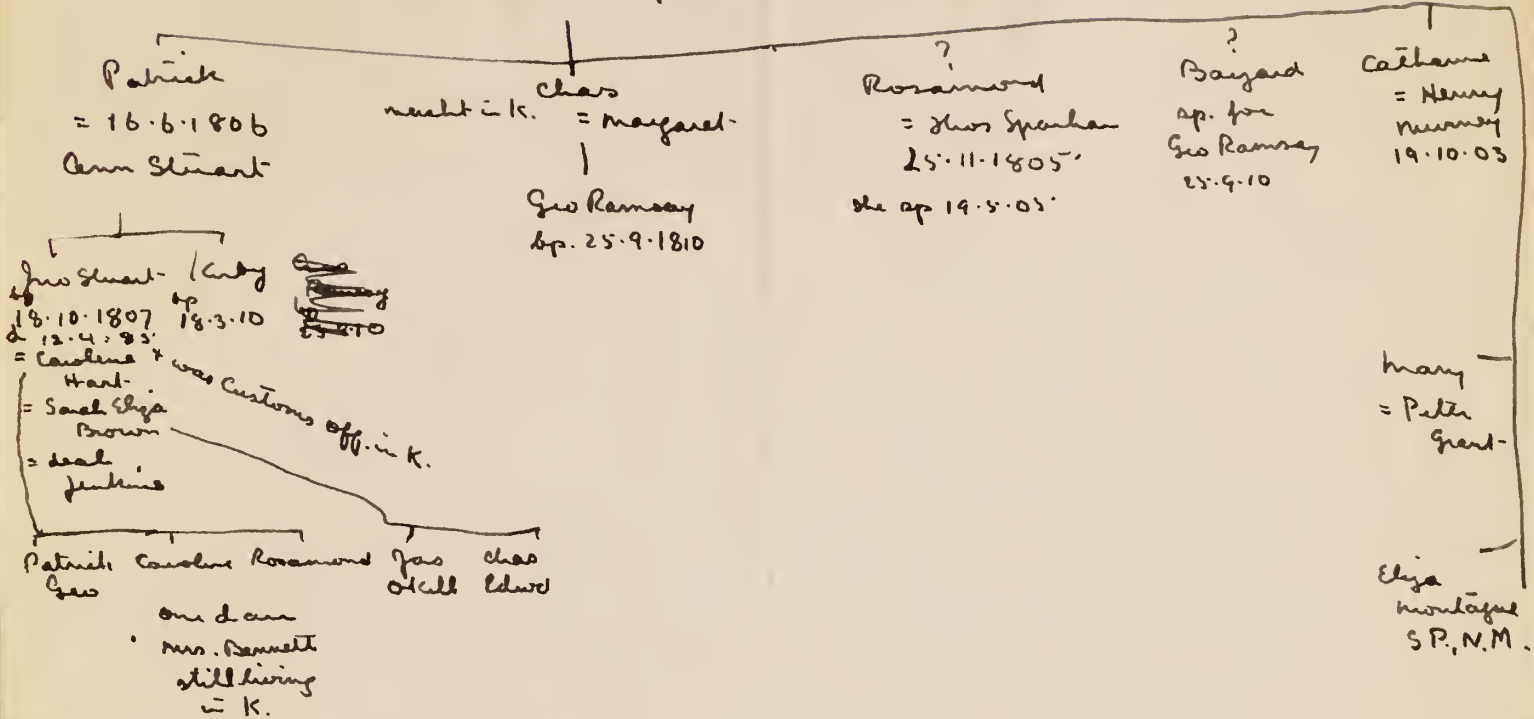

I am sorry to have neglected sending this  
data so long sorry too not to look up this  
enquiry - but this has been a hectic year -  
+ that together with not feeling up to par - <sup>compels</sup>  
me to give up genealogy for a time - unless  
I feel anyway - (July 1.) Should you or  
Mrs. Freeman be in this locality please  
look me up - my home address is 5 Eddy  
St Fort Edward, N.Y. - I am too when I am at  
home, will be glad to hear from you if I can.  
With best wishes. Yours

Sincerely

Lusan E. M. Mc

2 Patrick Smyth was a eldest s. of Patrick Smyth, J.P.,  
who served as a Captain of militia under General  
Burgoyne. He was made a prisoner but escaped to New  
York, where he stayed till it was evacuated in 1783. He  
enjoyed a military allowance of a Captain till his death  
& received in 1787 an order of a Captain's grant of  
700 acres for himself (a quantity allowed under  
old regulations) and 400 ac for his family. These  
lands, abt which there was a dispute, owing to malfeasance  
in office on a part of at least one Gov't Surveyor, were  
situated on a Grand (or Ottawa) River & was selected  
by Mr. Smyth's bro.-in-law, Mr. McKiff, an Assistant

surveyor. Mr. Smyth having died. at Port Henry  
(Exel.), his name was in 1810 placed on a U.S.L. list.  
& his claim was allowed to his widow & children,  
then living in Up. Can. Besides Patrick, already  
mentioned, who rec'd 1000 acres in right of his father's  
claim. there was a son, Chas, likewise a merchant in  
I.C. He & his four sisters received 200 ac each as  
ch. of a fugitive. They were Mary, wife of Peter Grant,  
Eliza-Montague, a spinster, Catharine, wife of Henry  
Murray, & another. Her name is not mentioned in Up  
Can. Ld. Bk. H. with other members of a family, but  
she may have been Mrs. Cutler. In 1804 Patrick Smyth,  
Jr., was refused a water lot in front of Mr. Hutchinson's,  
which was granted to a latter, but in 1810 he was granted  
a water lot in I.C. Up. Can. Ld. Bks 7 & H., Publ. Archives  
of Can.

In June, 1817, Patrick Smyth's letter to Sir Robert  
Hall was read in Council, he "offering to build a  
bridge from a Scow Place in this Town to Point Fredk  
(according to a Model left at your Office) & an allowance  
for Government for passage of stores. Tolls to be regulated  
by proper authorities; a bridge to be ready by April if  
he has an answer by June!" He was to be allowed to  
take timber from Grand Falls & to quarry stone on Point  
Frederick on Port Henry. Up. Can. Ld. Bk. G., p 208. See  
also next note

3. John-Stuart Smyth was given on Jan'y 5, 1829, a grant of a lot in Billerica, bought from a Indians in partnership with Allen Taylor, and, on Sept 3, as only son & devisee of his father, he was allowed to locate a father's land, to which he had become entitled as Lieutenant in a Hunk Company in a War of 1812.

4. Mrs Bennett, as stated in a Preface, is only descendant of Dr. John Stuart now resident in K.

5. The baptism was performed by a child's grand uncle, Archdeacon Geo. O'Call Stuart, who, & his wife, Anne-Ellise Stuart, & Maria Brown, stood sponsors for him. It was entered only on June 29, 1847, by a Revd Wm. M. Hinchman, Assistant Minister.

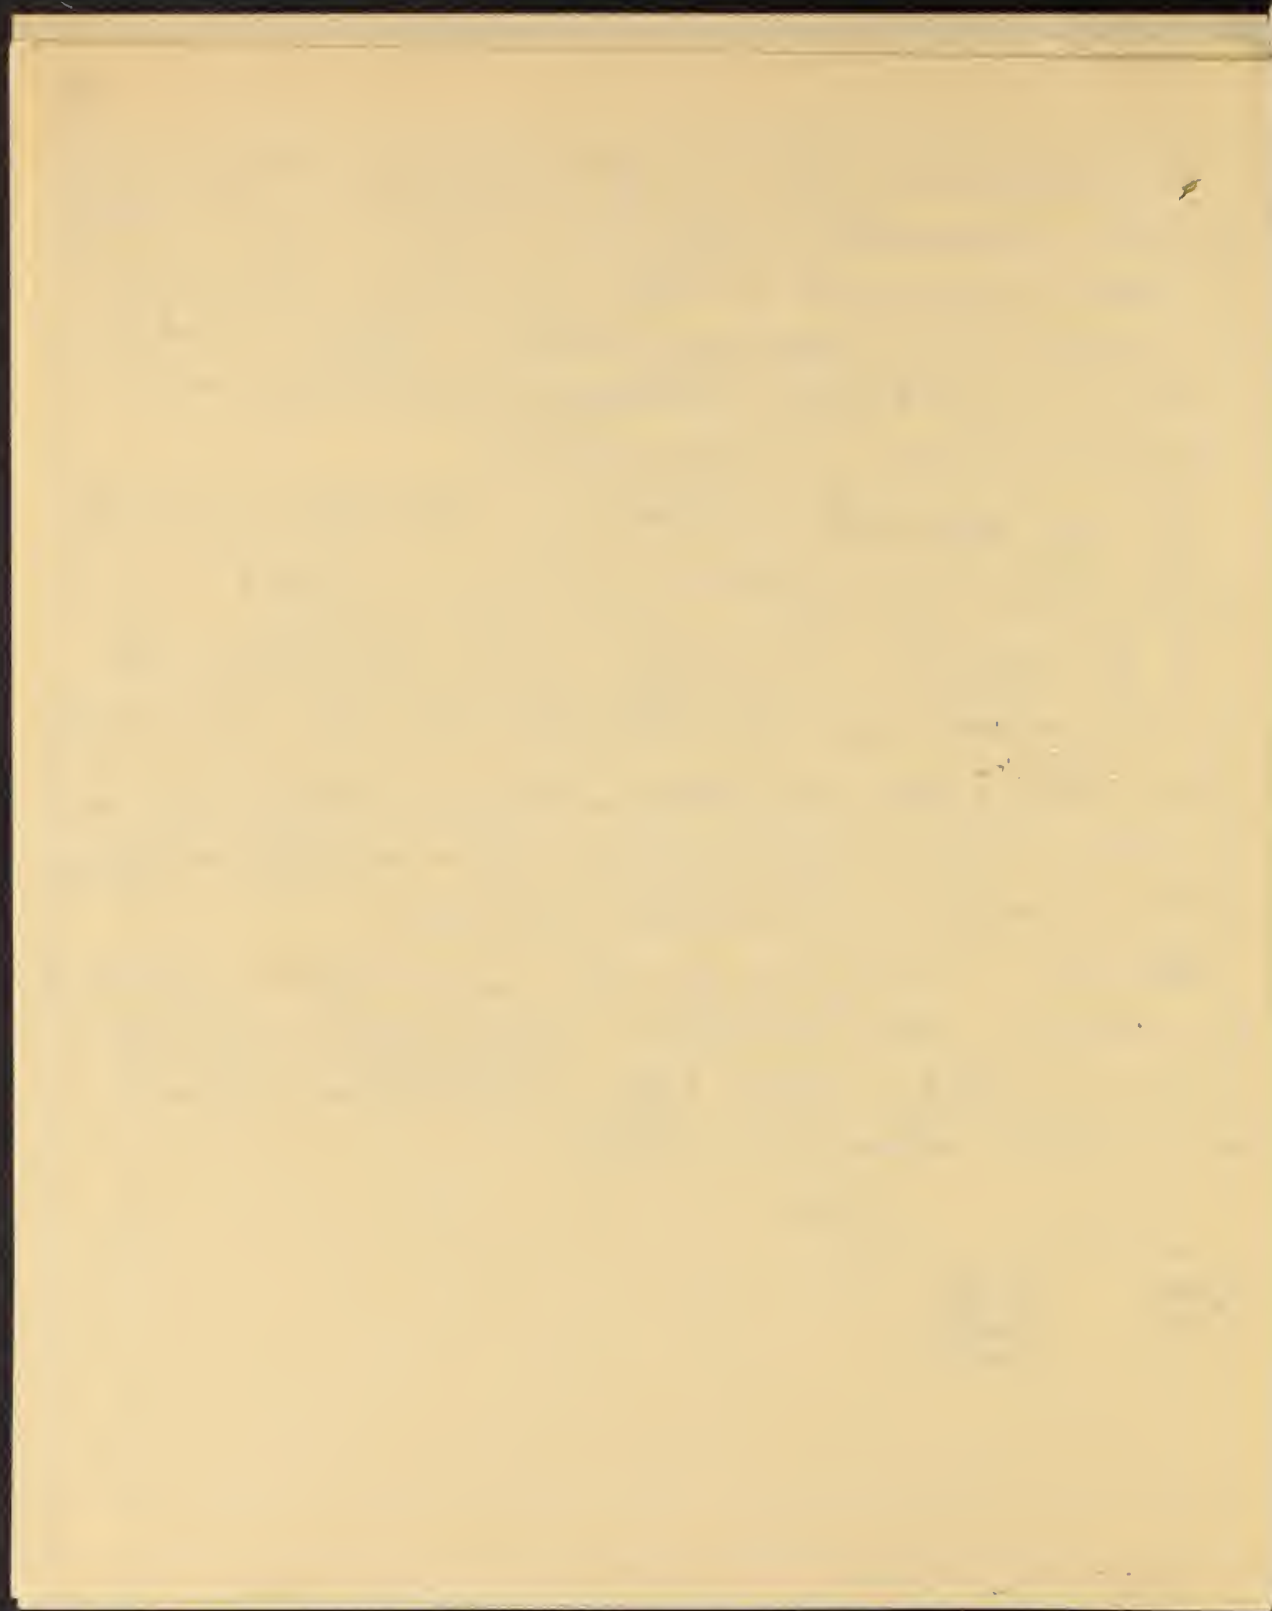

6. A note in a Register for 1851 reads: "This is reported here, having been omitted in proper place." These two notes show that, in later life, a Archdeacon became somewhat absent-minded.

This data compiled by Mrs. Margaret Angus, a member of the staff of Queen's University and of the Kingston Historical Society and who is an authority on Kingston landmarks and architecture, was assembled from St. George's Parish Register, Upper Canada Landbook, Chronicle & Gazette, Kingston Gazette, Gazette & Religious Advocate and headstones in St. Paul's cemetery.

Excerpts re Peter Smith

page 224 " The Statement of Mills in the District of Nassau, quoted above, notes that a mill-site had been chosen "on a creek called Smith's Creek, north side of Lake Ontario, in the Township of Hope, lot No 6 in front, at the head of a small pond<sup>2</sup>. Peter Smith had established a trading post at that point in 1778, near the Indian village Cochingomink (or Pemiscutiank), and in 1790 he was succeeded in the Indian trade by one Herchimere"

page 426 " An advertisement published at Kingston in February, 1819, gives freight rates in detail. That a special effort was made to cater to passengers may be seen from the following item in the same advertisement "An elegant Passage Boat will also leave Kingston every tenth day for Montreal, which will be fitted up in the most commodious manner and prevent any delay to passengers leaving the upper part of the lake in the Steam Boat Frontenac it having been built for the purpose of leaving this place immediately after her arrival". The owners of this line were Thomas Markland, Peter Smith, Lawrence Hrkimer, John Kerby, William Mitchell".

page 90 Notes on the Benefactors Peter Smith

"As early as Jan. 1786 he appears in Mr. Cartwright's "letter book" (Shortt Collection). Then he is advised to extend his trade in the wake of the survey recently made toward Lake Huron from Toronto and the Bay of "Kente"; also to buy as much maple sugar as possible from the Indians. For the sugar Mr. Cartwright offered to give him 6d Halifax Currency per lb, a quantity to be delivered before the end of the ensuing June.

In July of the same year he was urged to take Wm. Dickson# in partnership, a suggestion which he did not relish. In Aug, 1789, he and a cousin of Mr. Cartwright, Richard Beasley#, who seems to have been then his partner, were granted 200 acres each at Toronto and Pemiscutiank, "a place on the north of Lake Ontario, if in the Gift of The Crown and not interfering with any general or public arrangement"(Q series Vol 43,11 p 567). From this grant seems to have come the old name of Port Hope, Smith's Creek. Pemiscutiank appears in "Smith's Gazetteer of Upper Canada" as Pemetescoutiang (p 124).

On July 20, 1792, while the newly sworn Executive Council of the Province was still sitting at Kingston, Mr. Smith was granted leave "under certain Reservations, Limitations, & Restrictions, to build a wharf 36' from the Beach outwards and 132' wide: also a Store House 80' long by 15' broad, in consequence of the shallowness of the water (U.C. Land and State Book A pp 17-18).

For some time after settling in Kingston, Mr, Smith was evidently in partnership with Mr. John Cumming. In Mr. Cartwright's list for 1800, however, their shipments of flour, potash and pork are given separately.

Together Mr. Smith and Mr. Cumming preferred a claim for half of lot 13 Concession 5, Township of Kingston which was declared to be the East Half (D.W.Smith Papers, Vol B10 pl83)

Bills for payment of the accounts for erecting the gallery in the church in 1795 were to be drawn on Mr. Smith, as has been before mentioned, he to be reimbursed out of the pew rents.

# This Mr. Dickson was presumably the future member of the Legislative Council who lived at Niagara.

# Mr. Beasley settled at the Head of the Lake, was Speaker of the Assembly and a Colonel of Militia as well as a JP.

This data compiled by Mrs. Margaret Angus, a member of the staff of Queen's University and of the Kingston Historical Society and who is an authority on Kingston landmarks and architecture, was assembled from St. George's Parish Register, Upper Canada Landbook, Chronicle & Gazette, Kingston Gazette, Gazette & Religious Advocate and headstones in St. Paul's cemetery.

Excerpts re Peter Smith

page 224 " The Statement of Mills in the District of Nassau, quoted above, notes that a mill-site had been chosen "on a creek called Smith's Creek, north side of Lake Ontario, in the Township of Hope, lot No 6 in front, at the head of a small pond". Peter Smith had established a trading post at that point in 1778, near the Indian village Cochingomink (or Pemiscutiank), and in 1790 he was succeeded in the Indian trade by one Herchimere!

page 426 " An advertisement published at Kingston in February, 1819, gives freight rates in detail. That a special effort was made to cater to passengers may be seen from the following item in the same advertisement "An elegant Passage Boat will also leave Kingston every tenth day for Montreal, which will be fitted up in the most commodious manner and prevent any delay to passengers leaving the upper part of the lake in the Steam Boat Frontenac it having been built for the purpose of leaving this place immediately after her arrival". The owners of this line were Thomas Markland, Peter Smith, Lawrence Hrkimer, John Kerby, William Mitchell".

page 90 Notes on the Benefactors Peter Smith

"As early as Jan. 1786 he appears in Mr. Cartwright's "letter book" (Shortt Collection). Then he is advised to extend his trade in the wake of the survey recently made toward Lake Huron from Toronto and the Bay of "Kente"; also to buy as much maple sugar as possible from the Indians. For the sugar Mr. Cartwright offered to give him 6d Halifax Currency per lb, a quantity to be delivered before the end of the ensuing June.

In July of the same year he was urged to take Wm. Dickson# in partnership, a suggestion which he did not relish. In Aug, 1789, he and a cousin of Mr. Cartwright, Richard Beasley#, who seems to have been then his partner, were granted 200 acres each at Toronto and Pemiscutiank, "a place on the north of Lake Ontario, if in the Gift of The Crown and not interfering with any general or public arrangement"(Q series Vol 43,11 p 567). Dear Peter:

The enclosed material came to me unsealed. Not knowing what it was all about, I went over it and later found a letter from Miss Wade to me.

Apparently, the package had been sealed carelessly. In her letter she explained that she was not certain of your present address.

I have taken the liberty of copying any points of interest on Pat. Smyth and shall reply to her letter to-day. Perhaps the old mail route from Albany to Ft. George was the road followed by Jessup's men until warned by Pat. I shall ask Miss Wade to be on the alert for one or two points, and, now that she has leisure time, she may locate my Rogers' farm and other elusive tid-bits.

Cherrie for you  
Ray.

## POLICING THE PLAINS

R.G. MacBeth.

.....

These men at Lower Fort Garry had been on the pay-roll since their enlistment in September, but they were not actually on service till the 3rd November, 1873, when they were sworn in by Lieut. Colonel Osborne Smith, who was then in command of the Western Military District with headquarters in Winnipeg. It is not generally known that Colonel Osborne Smith, who had seen service in the Crimea and the Fenian Raid in 1866, was really appointed Commissioner of the Police so as to give him full authority until a successor was invested with the command. But I have before me as I write the elaborate parchment which so appointed Colonel Smith. It is dated September 25, 1873, and bears the signature of J.C. Aikins (afterwards Governor of Manitoba) as Secretary of State as well as that of Sir John A. Macdonald. Colonel Osborne Smith, whom I knew well in later days and under whom I served in the Winnipeg Light Infantry, brigaded in 1885 with some of the Police of this original troop, was an ardent Canadian Imperialist, and I imagine it was he who drew up the enlistment oath that was subscribed before him that day at the old Fort. In view of the fact that the word "Canadian" has been substituted in the name of the Force for the work "North-West" and that the jurisdiction of the corps has now been extended over the whole Dominion, it is suggestive of prophetic vision that the original oath should have borne the heading "Mounted Police of Canada".

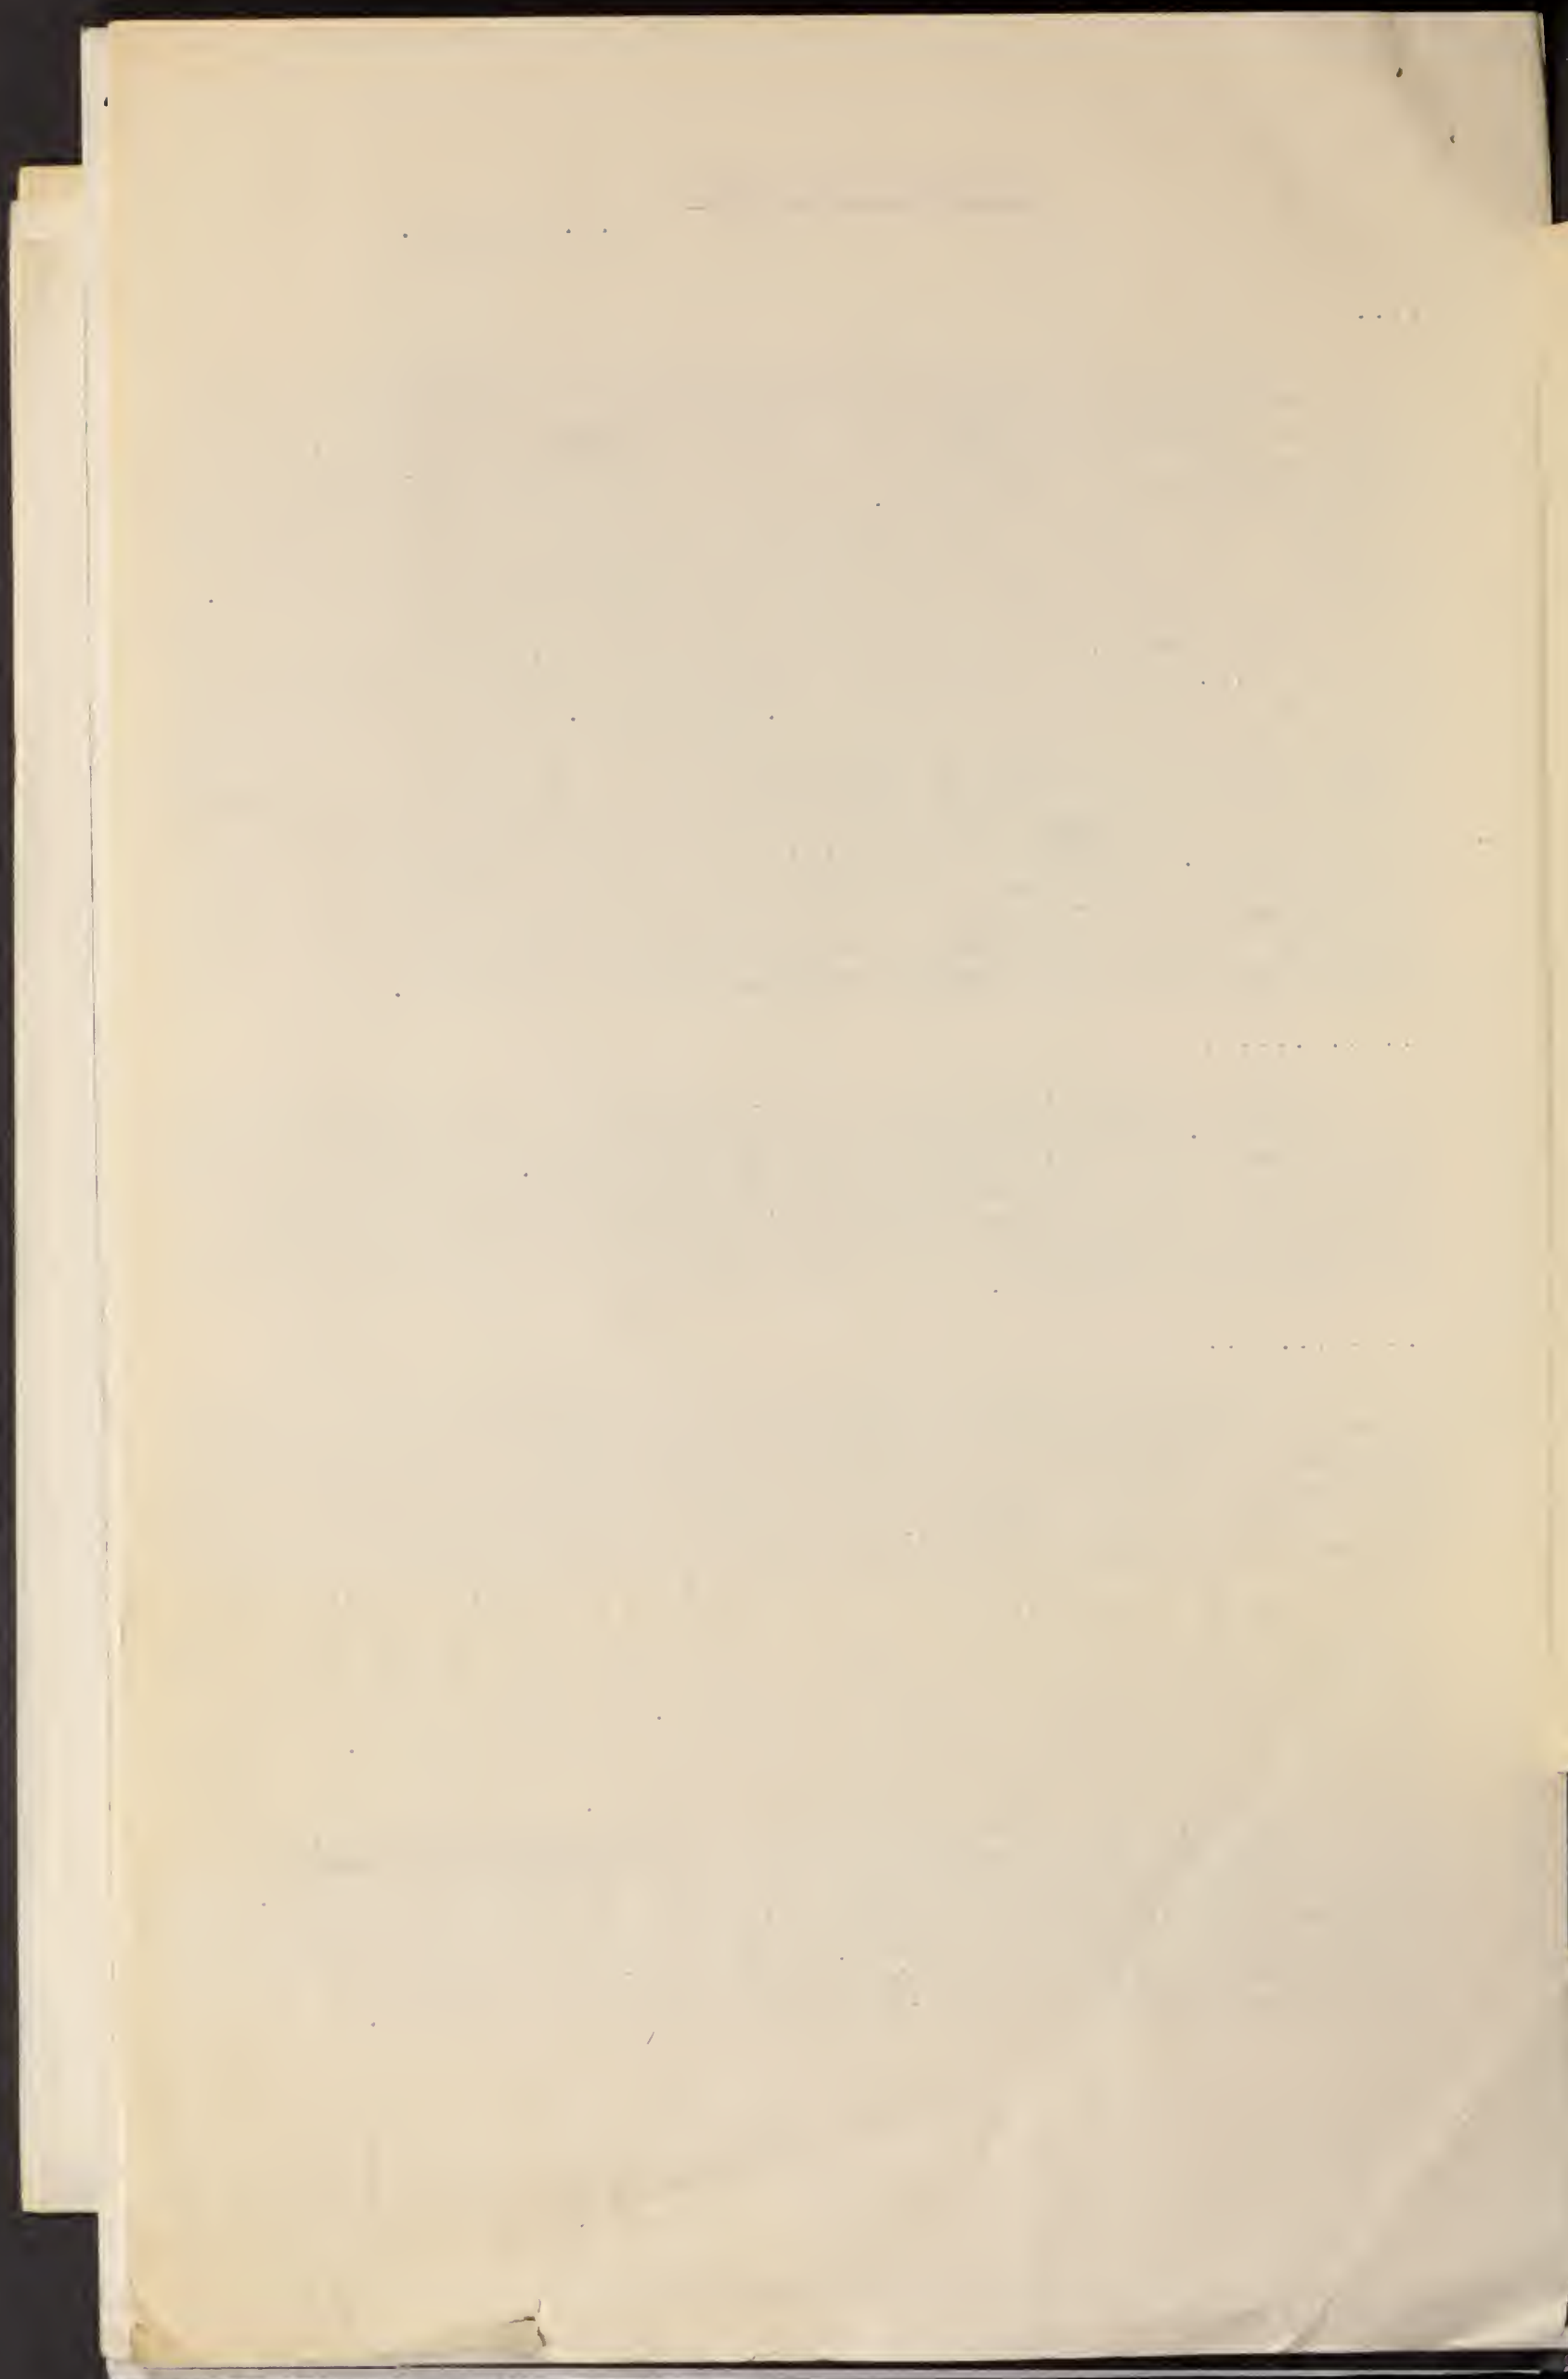

.....

That winter in the old stone-walled fort was a busy one for the new recruits. After they were sworn in by Colonel Osborne Smith, that officer returned to his duties at Upper Fort Garry. He had done a good day's work, and if he addressed the men in the crisp, incisive style I have often heard him use on patriotic occasions, then he had made additional contribution to the considerations that inspired the Police to determined endeavour.

.....

Perhaps the leading incident of this particular part of the big trek was the discovery by the Commissioner of Jerry Potts, a short, heavy-set, taciturn man, half Scot and half Piegian, a wonderful plainsman, skilled in the language of the Indian tribes and a past-master in all the lore of the prairies. His father was an Edinburgh Scot, who was killed in Missouri by an Indian, and it is said that Jerry, though a mere boy, followed the Indian into camp and shot him. Anyway, Jerry Potts, became a splendid help to the Police, a trainer of scouts a matchless diplomat with the Indians, an incomparable interpreter, and a highly respected guide who, without consulting maps, seemed to know the way by instinct either in summer or winter. He began to be useful as soon as he took service with the Force in that fall of 1874. He guided them to the best feeding-places for the horses and cattle, and to the watering-places which were so constantly needed. And when, a few days after he came, the column struck herds of innumerable buffalo, it was Jerry Potts who warned against shooting at certain times, lest the bisons would stampede and trample the whole cavalcade under foot. Potts remained with the Police as interpreter till his death in 1906, making a long service of twenty-two years. We shall meet his name here and there in this story- a diamond in the rough, entitled to a niche in the hall of the men who helped to shape the early years of our history.

Dr. H. C. Burleigh,  
Bath, Ontario, Can.

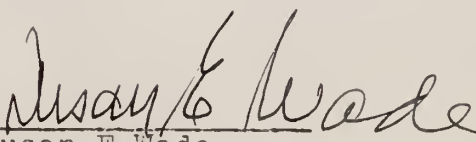

My dear Dr Burleigh;

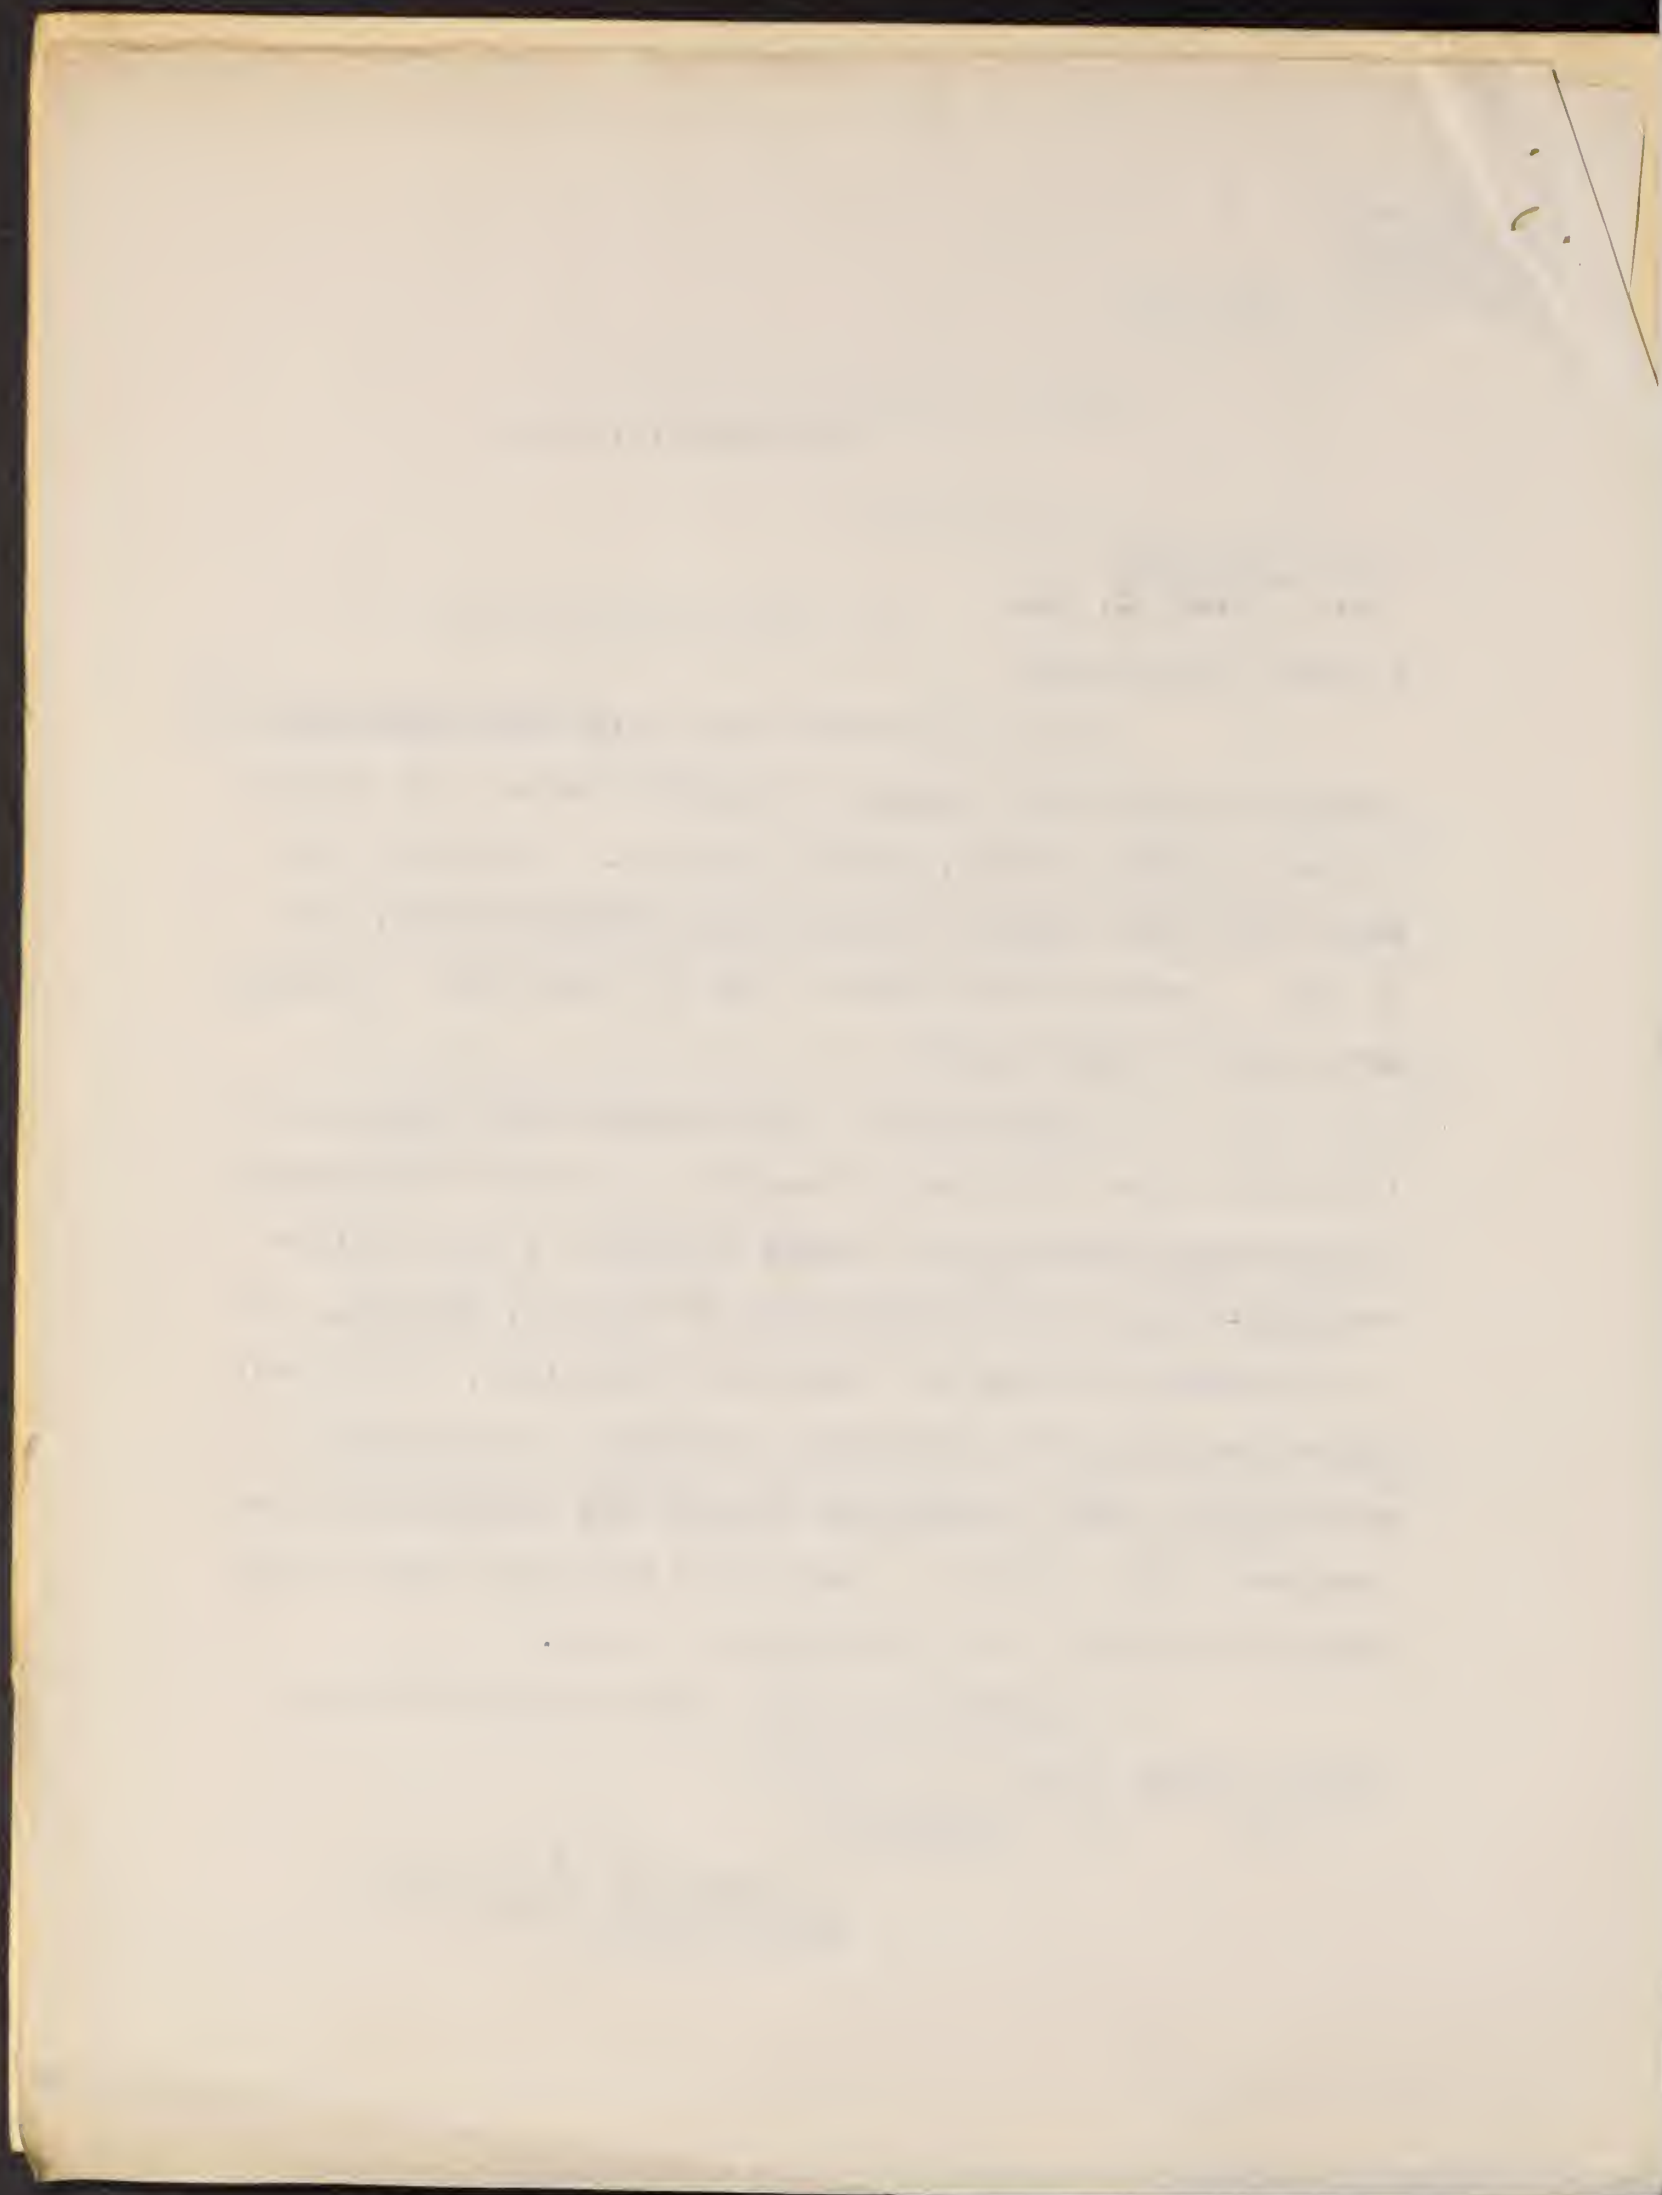

At this time when the whole world seems mad, perhaps an occasional change of thought from war and sorrow, to our personal hobbies, is good for us. It takes our minds from the sadness and responsibilities of life, and by such change we are better able to Carry On, as CARRY ON we must to the finish.

Accordingly, I am herewith enclosing copy of the Smyth papers so kindly furnished me by your Government. At the suggestion of your Deputy Minister, I have written the Librarian of the University of Toronto, Toronto, who is preparing a volume of Loyalist narratives, and possibly he may be able to add more information to my already accumulated data, accumulated through the courtesy of your Government and yourself. Should the Librarian send me any thing of account, I will forward you a copy.

With best wishes and a speedy Victory for our cause, I am

Sincerely,

  
Susan E. Wade.

ANNUAL REPORT OF THE BUREAU OF STATISTICS FOR THE FISCAL YEAR  
ENDING JUNE 30, 1907  
OF THE  
DEPARTMENT OF AGRICULTURE  
WASHINGTON, D. C., 1907

For a full and complete statement of the work of the Bureau of Statistics for the fiscal year ending June 30, 1907, the reader is referred to the report of the Chief of the Bureau, Mr. J. W. Foster, which is published in the form of a separate volume. This report is a summary of the work of the Bureau, and is intended to give a general view of the progress of the work during the year.

The Bureau of Statistics is a part of the Department of Agriculture, and its work is directed by the Secretary of the Department. It is the duty of the Bureau to collect, compile, and publish statistics of the production and consumption of agricultural products, and to make such other statistics as may be required by the Secretary.

The work of the Bureau is divided into three main branches: the collection of statistics, the compilation of statistics, and the publication of statistics. The collection of statistics is the first and most important step in the process, and it is the duty of the Bureau to see that this work is done in the most accurate and complete manner possible.

The compilation of statistics is the next step, and it is the duty of the Bureau to see that the statistics are compiled in the most accurate and complete manner possible. The publication of statistics is the last step, and it is the duty of the Bureau to see that the statistics are published in the most accurate and complete manner possible.

The Bureau of Statistics has a long and honorable history, and it has made many valuable contributions to the knowledge of the Department of Agriculture. It is the hope of the Secretary of the Department that the Bureau will continue to make such contributions in the future.

He was greatly admired for his sterling qualities and business acumen, and had served the township for many years. He was treasurer for about 30 years, and later took on the added duties of clerk, having also served as tax collector and assessor from time to time. In addition to his membership in Prince Arthur Lodge, he belonged to the Ancient Frontenac and Cataraqui Chapter No. 1, Kingston, the

IOOF, No. 361, Odessa, and Princess Chapter No. 221, OES, Odessa.

My dear Mr. Folsom

Your letter of Sept 24<sup>th</sup> received - and am  
intensely interested with what you say in regard to the  
Smith family - the records etc. Thanks a lot - - I  
note<sup>100</sup> with interest what you say concerning your book -  
& I will be very glad to do what I have the time  
for - gratis - but there is a "string" to the gratis  
would you be willing to find out for me everything  
you can with reference to the Smith family?  
I am gathering all information possible with reference  
to Pat & his family & any assistance you can give  
me will be appreciated.

I am enclosing herewith a memo. - letters  
from your letter - which please check & add to, as  
you think best - Please note how late<sup>(year)</sup> you care to  
have me search - Upon return of same will  
examine the land records & advise as to my  
progress - Did you know Vermont has marvelous  
vital records at Montpelier - it is possible

you might find some information there  
I shall be anxious to hear how your Book  
is progressing & glad to keep - The Freeman Town  
you speak of is located in the middle of the Saratoga  
Paul felt - I think probably the Saratoga Co. History  
gave you a line on that family. I think of you in the Librarian at  
Albany, N.Y. - she can  
help you in the records.  
My Mother came from Argyle (Scotch-Irish) and  
I am very familiar with the early families but one way  
the name Powell does not sound familiar - My father was  
an Englishman from near Birmingham.

As for Queens, Dutchess Co, many of the Co's early settlers  
were from that vicinity - a great many Quakers came  
from that County. Possibly the Co. Clerk of that County  
keep you - the County seat is Poughkeepsie -

Both Schuyler & Livingston were wealthy land owners of  
N.Y. & perhaps either the Secretary of State or Bureau of  
Archives could throw some light on your problems - They  
are both at Albany, N.Y. Tell me a bit more about -  
the Burleighs? A few years ago that was the name of a wealthy  
White Hall family -

Shall be glad to hear from you & do what I can  
in the cause - Hope you can decipher this dreadful  
writing -

Sincerely  
Susan E. Brady

P.S. - Am I presuming in asking where you procured  
my name -

H.C.Burleigh,  
Pres. Bath Historical Society,  
Bath, Ont.

My dear Mr. Burleigh;

I am in receipt of your letter of Sept. 6th, with reference to the Washington County families, who at the time of Burgoyne's Invasion, moved to Canada. My delay in not answering more promptly, was I wanted to ~~ex~~amine the early land records so that I could at least give you some information, and it was not until Saturday that I found the time for the work.

Accordingly, I am herewith enclosing some notes, which I have taken from the early land records of this Washington Co. (This County was originally Albany, then Charlotte, and lastly Washington.) I will take each family as you have them noted in your letter;

- 1.Randolph, James . I fail to find any reference to James from the earliest record down to 1838.
- 2.Burling, John. I did not find John, but found others, by the name of Burling, see enclosed memo.
- 3.Freeman, John I find plenty of Freemans but no John.I searched from the earliest records down to 1838.
- 4.Rogers, William. I herewith enclose a memo. which may or may not have any bearing upon your William .

INsofar as farther research work is concerned, I will be very glad to undertake the same (on my own time, after business hours). I have followed genealogy for a great many years, and have thousands of cemetery records , and very familiar with early Washington County families. My charge is the usual one, \$1.per hr.

Now as to early histories: I would recommend the following with reference, to Washington, Warren and Saratoga Counties; History of Washington County (1737-1878. ) Johnson.

These books will be found in almost all Libraries of any size. If you are unable to examine them, we have them in our Library which comes under my supervision as County Historian. If I can be of any father assistance with reference to the books, just let me know.

Now may I ask a Question or two ?

Just following the Revolution, we, here in Washington County had a County Clerk by the name of Patt Smyth, who fled to Canada, and took with him some County records, WHICH HAVE NEVER BEEN RETURNED. History says part of them were found, but that is not true, as I am Index Clk. of the County and have been for the last twenty some years, and there is a lapse in the record of some ten years, which I can prove by the record. According to some very old documents, I find that Patt Smith, settled first in William Henry, which as I can recall is in your Province, or was at that time, perhaps the name has been changed by now.

What I want to know is, do you know any one by the name of Smyth, as I can recall I think his wife's name was Rosalind, and he had a brother Chas, and one if not more, son. As County Historian I am most anxious to trace those records if possible. Can you make any suggestions as to where I should write, or what I should do/? Any assistance you could give me would be most appreciated.

With the hope that the enclosed memo. may be of some value in your search, and with the hope that you may feel free to write me as County Historian of the County, I am

Very truly yours,

Dr H. Burleigh  
Pah. Ont.

My dear Dr Burleigh,

Your letter of Nov 2nd with enclosure  
duly received & I am most appreciative  
of the information concerning Patti Smyth -  
Thanks a lot for your interest in my search - I  
fear, you will regret having been given  
my name by the time I have finished -  
my questions -

Recently I received  
from J. Laurot of your Public Archives  
a photostatic copy of Patti's "Newclaw" together  
with copy of his inventory of the F.E.d. property  
& also copy of a "Second Report" which is  
most enlightening - Also he suggests that  
I write the Librarian of the University of Toronto  
who is preparing a volume of Loyalist Narratives -  
Certainly you are all co-operating in my  
search, & I shall be delighted to reciprocate

Whenever possible -

I am enclosing herewith a few questions, which I would appreciate your answering if possible - but do not put yourself to a lot of trouble -

Also I am enclosing a Booklet on Jane McCrea, ~~compiled~~ by "your truly" which please accept with my compliments -

Now for your problem - I am sending along the memo. as I copied it from the records - (G- 403 ! K- 383 ! D 131) You will observe I have <sup>an additional</sup> one from Letter A - of Deeds Page 296 - It is number 2 - & I found it after reading description in No 3 ! I thought it might prove interesting so searched backwards & discovered that Smyth was a witness - probably a forger - Hope these may fit in some way in your search - I have made notes at the bottom - hope you can read them

What you say concerning the powder horn <sup>found</sup> interesting - & I should be delighted to receive a copy of Parrot's acct of the attack on Longfellow's house - Now as to little White Creek - I think - it flows into Horicon River & I am quite sure it does as it is away east from Hudson River. As for the Insk Palatins who settled in New Brt - off hand I know nothing about them although their names are all familiar. Presume the Wash's Histories would give us some information -

Now as to the maps you ~~refer~~ <sup>report</sup> of - I do not know what to say - but will see what - I can find out - & will let you know - Would Anti. Maps help any?

Thanks a lot for your explanation - concerning the Royalists travelling north to Canada - it <sup>seems</sup> must be logical -

I think the Rosamond who married Thos <sup>dup</sup> Spohran was undoubtedly Patts & Rosamonds <sup>dup</sup> because I found a receipt dated 1804 wherein

Chas Smyth promises to cause my Mother to ac-  
knowledge as soon as she takes out letters of Administra-  
tion or authorizes me to settle the accounts of my  
father's estate - so I infer she had not re-  
married - Also in 1803 - a Wm Bayard  
Smyth was a witness to a power of atty. Part &  
Preserved to Chas Smyth - Perhaps this Wm  
was a son who never left the S - because I fail  
to find a Wm among any of the notes received  
from you or your Government.

I am quite thrilled with all this in-  
formation I am accumulating with reference  
to the Smyth family - Our Society would like  
to purchase the house he built, & there estab-  
lish a museum - perhaps someday we can -  
Meanwhile I am going to keep on gathering  
in the data - so when the time comes, I can say  
here is the history concerning the house & its  
builds - Your assistance has been most  
helpful - I am more appreciative than  
you know - With best wishes I am

Cordially

Dr H. Burleigh -

Such a social error on my part not to address you correctly! My humble apologies - Declr - but how was I to know? It strikes me you spent quite a bit of time in this part of New York State - have you ever been to the Co. Clerk's Office? The world is small after all -

Thanks a lot for the Smyth data - I have written to both Ottawa & Leeber - I shall be thrilled beyond words if I can even find a trace - just a shadow of what became of the lost record - perhaps then the Supervisor of Washington County Mr. Mel thinks the County Historian is worth his small salary!!

Among some unrecorded deeds where in Pat Smyth & his wife Rosamond are mentioned many times - I observed they had a son whose middle name was Bayard - & these same deeds show Smyth's land was located in the "Bayard Patent" & by deduction I am wondering if his wife Rosamond's maiden name might not have been Bayard - I wonder if the Rosamond Smyth

who married Tho Sparham (according to your note)  
was Patts widow or a daughter. - Patt seems to  
have been quite friendly with Lord Duns who  
lived in St Michaels -

Can you tell me why the Loyalists chose  
Mr Henry (as the deeds say) or Somer - as their  
refuge - How did it happen so many  
went to that particular locality - No I  
did not know that Dr George sent letters of inform-  
ation etc to the British - I know he & Patt  
built their house here in 1764 - (then known as  
Cory's) from the timbers of the old Fort - George's  
house has long since been torn down - but -  
Patt's house is still standing & is the oldest -  
frame building standing in Nashua - It  
is the hope of the Co Historical Society to  
eventually become the owner of the property  
& there establish a museum - Accordingly  
you can quite understand my interest in  
gathering all data possible concerning them -  
Now for your problem - I simply have  
not found anything - but on the enclosed  
slip I show some of the families of the name

SUSAN E. WADE  
COUNTY HISTORIAN  
WASHINGTON COUNTY  
COUNTY CLERK'S OFFICE

you are searching as living in Wash Co.  
from 1792 - to 1835 - If you want me  
to continue any farther along their line,  
let me know - but I thought they were too  
late to be of value to you - Should you <sup>decide</sup>  
you are interested in any of them please  
give me my reference to D & page - as I  
have not kept a copy of the memo -

About the Freeman House -! If you can  
find a copy of Old Saratoga by Brandow  
I think that will tell you quite a lot, altho'  
I am not positive - I think too, the Saratoga  
Co history right to give you some thing - I  
have access to that & the first opportunity  
I have will see what it says & send you  
a copy. - Am delighted to be of service  
but I am afraid to date I have not  
been of an assistance whatever -

My humble apologies for this awful writing -  
I should use a typewriter - but one way I  
cannot type & think at the same time -  
let alone spell - so my friends, how to  
bear with me -

I am interested that either a gentleman  
in England or in Iowa or in Ohio gave you  
my name - I cannot recall as ever  
having worked for either of them - It  
is quite true, historically or genealogically  
inclined people do tell each other -

Thanks again for all you sent me -  
I will see what I can find concerning the  
Freeman family.

Sincerely

Susan E. Warren
